Comments for Senior Staff

a. Marriage to Aliens: Three months ago I wrote a blast on slowness of processing these papers. The involved units were properly contrite. We need now to hit again - and hard.

b. Keeping DCI's Office Informed of Policy Decisions: All units should get the word on this. Two or three units have felt the lash as a result of recent incidents, but they all should know that DCI Office should be informed and promptly.

c. Coordination: At least one paper a day, on fairly important matters, hits my desk without proper coordination. These put the burden on us to get the coordination - it may also delay the paper.

d. Daily cable: Only two units in the Agency - FE Division and make daily contributions. FE's are generally excellent and it should be commended. The rest of the Agency is sitting on its hands.
